Independent Auditors' Report

To the Board of Directors
Build it for the Brave, Inc. dba Fisher House Michigan
Ann Arbor, Michigan

Opinion

We have audited the accompanying financial statements of Build it for the Brave, Inc. dba Fisher House Michigan (a nonprofit organization), which comprise the statements of financial position as of December 31, 2021 and 2020, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material aspects, the financial position of Fisher House Michigan as of December 31, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fisher House Michigan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fisher House Michigan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fisher House Michigan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fisher House Michigan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Fisher House Michigan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 – Nature of Organization and Significant Accounting Policies

Nature of Organization. Build it for the Brave, Inc. dba Fisher House Michigan ("the Organization"), is a nonprofit organization that incorporated on May 19, 2016 as a nonprofit corporation in the State of Michigan. The Organization's purpose is to provide support to military veterans especially relating to providing housing for family members and caregivers of veterans and veterans themselves while they are receiving medical treatment at a United States Veterans Affairs Medical Facility. The overall goal of the Organization is to raise funds to construct and provide support for multi-unit comfort homes (each a "Fisher House") where families can stay. The Organization's main sources of income are from contributions, fundraising activities, and grants.

Basis of Accounting. The financial statements of the Organization have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents. The Organization considers all highly liquid debt instruments with maturities of three months or less to be cash equivalents. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments.

Investments. The Organization's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Organization's management determines the valuation policies utilizing information provided by the investment advisors and custodians. *See Fair Value Measurements.*

Unrealized gains and losses are included in the change in net assets in the accompanying statements of activities. Investment income and gains restricted by donors are reported as increases in net assets without donor restrictions if the restrictions are met (either a stipulated time period ends or a purpose restriction is accomplished) in the reporting period in which the income and gains are recognized.

Fair Value Measurements. The Organization reports using fair value measurements, which requires enhanced disclosures about investments that are measured and reported at fair value and establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.
---------	---

Fisher House Michigan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 – Nature of Organization and Significant Accounting Policies (continued)

Fair Value Measurement (continued)

- | | |
|---------|---|
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">- Quoted prices for similar assets or liabilities in active markets;- Quoted prices for identical or similar assets or liabilities in inactive- Inputs other than quoted prices that are observable for the asset or- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
|---------|---|

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2021 and 2020.

Mutual funds. The Organization values mutual funds with readily determinable market values at fair value as determined by quoted market prices on national securities exchanges valued at the closing price on the last business day of the fiscal year.

Certificates of Deposit. The Organization values certificates of deposit at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In general, investments are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the statements of financial position.

Fisher House Michigan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 – Nature of Organization and Significant Accounting Policies (continued)

Pledges and Grants Receivable. Pledges and grants are recognized as support in the period received and as assets or decreases of liabilities depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Pledges and grants receivable are stated net of allowances for doubtful pledges. Management provides for probable doubtful pledges through a provision for bad debt expense and an adjustment to the allowance account based on its assessment of the current status of individual amounts. Balances still outstanding after management has used reasonable collection efforts are written off through a reduction to the allowance account and a corresponding reduction to pledges and grants receivable. No allowance for uncollectible accounts has been provided as the Organization expects to collect all outstanding amounts.

Property and Equipment. It is the Organization's policy to capitalize property and equipment at cost while repair and maintenance items are charged to expense. Donations of property and equipment are capitalized at their estimated fair value on the date of the gift. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose. The Organization does not currently own any property and equipment.

Basis of Net Asset Presentation. The Organization reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Net Assets Without Donor Restrictions. Net assets resulting from revenues generated, receiving contributions that have no donor stipulations, providing services, and receiving interest and other income, less expenses incurred in providing program-related services, raising contributions, and performing administrative functions.

Net Assets With Donor Restrictions. Net assets resulting from gifts of cash and other assets that are received with donor stipulations that limit the use of the donated net assets, until the donor restriction expires, that is, until the stipulated time restriction ends or the purpose restriction is accomplished.

Revenue Recognition. Revenue, if any, is recorded as services are rendered. Prepaid amounts are recorded as a deferred revenue liability if payments are received before services are rendered. As the services are rendered, revenue is then recorded.

Contributions and Grants. Contributions and grants are recognized when commitments are received. Donor-restricted contributions and grants are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions. Contributions and grants that are restricted by the donor or grantor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the amounts are recognized.

Fisher House Michigan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 – Nature of Organization and Significant Accounting Policies (continued)

Contributed Goods and Services. The Organization records the fair value of contributed services in the financial statements if the services either (a) create or enhance non-financial assets or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. A substantial number of other individuals have made contributions of their time to assist the Organization in a variety of tasks and services. The value of these services is not recorded in the accompanying financial statements as these services do not meet the criteria for recognition. Contributed goods received by the Organization was valued at \$20,004 and \$9,116 for the years ended December 31, 2021 and 2020, respectively.

Functional Allocation of Expenses. Direct expenses have been allocated to the applicable program for which the expenses were incurred. Indirect expenses have been allocated between program and supporting services based on an analysis of personnel time and space utilized for the related activities.

Income Taxes. The Organization is a nonprofit corporation exempt from income taxes as described in Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been made.

Reclassifications. Certain amounts from the prior year financial statements have been reclassified to conform to the current year presentation without affecting net assets as of December 31, 2020.

Subsequent Events. The Organization evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through May 16, 2022, the date at which the financial statements were available for release.

Total assets at fair value	<u>\$ 362,858</u>	<u>\$ 50,000</u>	<u>\$ -</u>	<u>\$ 412,858</u>

Changes in Fair Value Levels. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Organization evaluated the significance of transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of fair value levels.

Net investment earnings consisted of the following for the years ended December 31:

	2021	2020
Net realized and unrealized gains	<u>\$ 83,162</u>	<u>\$ 39,512</u>
Interest and dividends	<u>9,708</u>	<u>3,573</u>
	<u>\$ 92,870</u>	<u>\$ 43,085</u>

Fisher House Michigan

Notes to Financial Statements

December 31, 2021 and 2020

Note 3 – Pledges and Grants Receivable

Pledges and grants receivable are expected to be collected as follows at December 31:

	<u>2021</u>	<u>2020</u>
Due within 1 year	\$ 141,276	\$ 64,507
Due in 1-5 years	69,965	60,000
Total pledges and grants receivable	<u>211,241</u>	<u>124,507</u>
Less unamortized present value discount	<u>(4,953)</u>	<u>(1,741)</u>
	<u>\$ 206,288</u>	<u>\$ 122,766</u>

Note 4 – Paycheck Protection Program Loan

In May 2020, the Organization was granted a loan ("the Loan") from Bank of Ann Arbor in the amount of \$28,820, pursuant to the Paycheck Protection Program ("PPP") under Division A, Title I of the Coronavirus Aid, Relief and Economic Security Act ("the CARES Act"), which was enacted March 27, 2020.

The Loan, which was in the form of a promissory note dated May 5, 2020, bears interest at a rate of 1.00% per annum. Interest-only payments began in November 2020 with all principal and any accrued or unpaid interest due in April 2022. The Note may be prepaid by the Organization at any time prior to maturity with no prepayment penalties. Funds from the Loan may only be used for payroll costs, costs used to continue group health care benefits, mortgage payments, rent, utilities, and interest on other debt obligations incurred before June 12, 2020, or through an alternate period as extended upon request of the Organization. The Organization used the entire Loan amount for qualifying expenses. Under the terms of the PPP, certain amounts of the Loan may be forgiven if they are used for qualifying expenses as described in the CARES Act.

Second PPP Loan. In February 2021, the Organization was granted a loan ("the Second Loan") from the Bank of Ann Arbor in the amount of \$32,026, pursuant to the Paycheck Protection Program ("the PPP") under the Economic Aid to Hard-Hit Businesses, Nonprofits and Venues Act ("the Economic Act"), which was enacted December 27, 2020. Under the terms of the Second Loan, certain amounts of this loan may be forgiven if they are used for qualifying expenses as described in the Economic Aid Act.

Debt Forgiveness. During the year ended December 31, 2021, the Organization was granted forgiveness of the entire amounts of both the aforementioned PPP loan and the Second PPP loan. The total amount of \$60,846 in debt forgiveness is reported in the accompanying statement of activities for the year ended December 31, 2021.

<i>Purpose restrictions</i>				
Veteran family support fund	-	70,000	10,000	60,000
Spartan Capital family support	-	221,291	-	221,291
Total	<u>\$ 427,013</u>	<u>\$ 638,391</u>	<u>\$ 671,347</u>	<u>\$ 394,057</u>

Note 6 – Liquidity and Availability of Resources

The Organization receives significant contributions and promises to give that are restricted by donors, and considers contributions restricted for programs which are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures. The Organization manages its liquidity and reserves following three guiding principles: operating within a prudent range of financial soundness and stability; maintaining adequate liquid assets to fund near-term operating needs; and maintaining sufficient reserves to provide reasonable assurance that long-term obligations will be discharged. The Organization has a liquidity policy to maintain current financial assets less current liabilities at a minimum of six months budgeted operating expenses. To achieve this target, the Organization forecasts its future cash flows and monitors its liquidity quarterly, and monitors its reserves annually. During the years ended December 31, 2021 and 2020, the level of liquidity and reserves was managed within the policy requirements.
